

Rego Park Counseling — Remaining Pages Content

Oct 1, 2026 · @jhonatan

The last six pages of the sitemap in one brief: Privacy Policy, HIPAA Notice of Privacy Practices, Telehealth & Text Messaging Terms, Accessibility Statement, Thank-you and 404. With these, every page on the new site has content (Psychiatry, LGBTQ+ and Couples stay on hold until confirmed). The three legal pages are drafts for the client's attorney or compliance officer to approve; text in [brackets] still needs a fact.

What the current legal pages get wrong

None of the three current legal pages does the job its name promises, so they are rewritten rather than migrated as-is.

Current page	What it actually contains	Problem	New page
/hipaa-policy/	The federal 42 CFR Part 2 regulation text pasted in full	Not a Notice of Privacy Practices: no patient rights in plain language, no privacy officer, no effective date	/hipaa-notice/ (301 from old)
/telehealth-privacy/	SMS appointment-reminder terms (updated Mar 24, 2026; mentions "order statuses")	Nothing about telehealth	Same URL, now "Telehealth & Text Messaging Terms"
/privacy-policy-terms-and-conditions/	SMS-focused privacy terms (effective Mar 23, 2026)	No mention of cookies, Google Analytics, Tag Manager, call tracking or web forms	/privacy-policy/ (301 from old)

Two contact emails are in use: management@regoparkcounseling.com and admin@regoparkcounseling.com. Pick one for privacy requests [confirm].

Keep the SMS terms reachable. Text-messaging registrations with carriers (A2P 10DLC) usually list the privacy and terms URLs. The SMS language stays on /telehealth-privacy/ and is also summarized in the Privacy Policy, so both old and new URLs still show it [Oriana to confirm which URLs are on the registration].

Review rule: the Privacy Policy, HIPAA Notice and Telehealth & Text Terms below are drafts. They must be approved by RPC's attorney or compliance officer before launch. In particular, the HIPAA Notice must match RPC's real practices and the 2024 federal Part 2 rule changes, which had a compliance date of February 16, 2026 [counsel to confirm the notice is current]. Elev8 does not provide legal advice.

Title tag: Telehealth & Text Messaging Terms | Rego Park Counseling · **URL kept** (likely on the SMS carrier registration).

H1: Telehealth and Text Messaging Terms

Last updated: [date]

H2: Telehealth Sessions

How it works. Telehealth sessions take place over a secure video platform [name, e.g. the platform RPC uses — confirm] that is designed for health care and protects your information. You join with a link we send you; no account is needed [confirm].

Your privacy. Sessions are not recorded [confirm]. Your counselor joins from a private space. We ask that you join from a private place too, and use your own device and a secure internet connection when you can.

Who can use telehealth. Telehealth is available for many of our services for people located in New York State during the session [confirm]. Your counselor will tell you if a service needs to be in person.

Limits and risks. Video sessions can be interrupted by connection problems. If a session drops, your counselor will call you at the number on file. Telehealth is not for emergencies.

Consent. Before your first telehealth session, we ask for your consent to receive care by telehealth. You can choose in-person care instead at any time.

Emergencies. If you are in danger, call 911. For a mental health or substance use crisis, call or text 988.

H2: Text Messaging (SMS) Terms

Program. Rego Park Counseling sends appointment reminders, scheduling updates and customer care messages to people who agree to receive them.

Consent. By giving us your mobile number and checking the consent box on a form, or agreeing by phone, you agree to receive these text messages from Rego Park Counseling. Consent is not a condition of receiving care.

Frequency and cost. Message frequency varies. Message and data rates may apply.

Opt out and help. Reply STOP to stop messages at any time. Reply HELP for help, or call (718) 459-2558.

Privacy. We do not sell or share your mobile number or text consent with third parties for marketing. We do not include detailed health information in text messages.

Carriers. Carriers are not liable for delayed or undelivered messages.

Thank-you and 404

Thank-you — /thank-you/

Indexing: noindex, nofollow; excluded from `sitemap.ts`. **Tracking:** fires the GA4 `callback_submit` conversion once per submission (guard against reloads). Reads `?clinic=` and `?topic=` from the redirect to personalize the copy.

H1: Thank You. We'll Call You Soon.
