

# Rego Park Counseling — Evaluations Pages Content

Sep 30, 2026 · @jhonatan

Ready-to-build copy for the Evaluations hub, the Substance Abuse Evaluation page and the DWI Evaluation page. RPC already ranks #1 and #2 in the Queens map pack for these, and its evaluation blog posts pull national traffic, so these pages defend the local lead and turn that traffic into calls. Text in [brackets] still needs a fact from Emmanuel.

## Keyword split and shared rules

The commercial pages own the local, ready-to-book searches; the blog posts keep the national "what is / what happens" searches and link up. This stops the pages and posts from competing for the same query.

### Shared rules

- Evaluations are a strong cash service (per the content strategy). Say clearly how to pay [confirm: self-pay price shown or "call for pricing"; Medicaid coverage for evaluations].
- Never promise a result, a recommendation or that a court, DMV or employer will accept the report. Say what we provide and let the requester decide.
- DWI content is information, not legal advice. One line on every DWI section: "This is not legal advice. Check your requirements with your attorney, the court or the DMV."
- Only claim approvals RPC actually holds (e.g. OASAS-licensed provider; any DMV or Drinking Driver Program approval) [confirm each].
- Speed sells here: show how fast someone can be seen and how fast the report is ready [confirm both].
- Schema: `MedicalWebPage` + `Service` (serviceType, provider → MedicalOrganization, areaServed Queens/NYC), `FAQPage`, `BreadcrumbList`. Location cards link to Rego Park (map-pack winner).

## What it is

### H2: What Is a Substance Abuse Evaluation?

A substance abuse evaluation (also called a drug and alcohol assessment) is a structured conversation with a credentialed clinician about your alcohol and drug use, health and life circumstances. It shows whether there is a substance use problem and, if so, what level of care would help. It is not a test you pass or fail.

Evaluations are a paid, deadline-driven service, so price, speed and approvals decide the booking; these answers matter more here than anywhere else on the site.

- ☐ Price of each evaluation (show it, or "call for pricing"), payment methods, and whether Medicaid covers evaluations
- ☐ How fast a new person can be seen, and how fast the report is ready
- ☐ Length of the appointment; evenings or Saturdays available?
- ☐ In person only, or telehealth evaluations too (and are they accepted by courts and the DMV)?
- ☐ Is a drug test part of the evaluation?
- ☐ Which screening tools are used (only if he wants them named)
- ☐ What the report includes, who receives it and how it is sent
- ☐ Exact approvals held: OASAS license; any DMV or Drinking Driver Program relationship

- ☐ Evaluations offered at Rego Park only, or at Fresh Meadows too?
- ☐ Evaluations for employers, schools or licensing boards: yes or no?
- ☐ Progress and completion letters for people who continue into treatment
