

Rego Park Counseling — Programs, Who We Serve & Therapies Content

Sep 30, 2026 · @jhonatan

Ready-to-build copy for the last 13 commercial pages: three hubs and ten pages. CORE and the Social Care Network are RPC's differentiators and gaps versus Bleuler; the rest support the main service pages. Text in [brackets] still needs a fact from Emmanuel.

Shared rules for these pages

These pages use the same Service template as Mental Health, but shorter, because most of their search demand is small; CORE is the exception and gets full depth.

Page type	Length	Template
Hubs (Programs, Who We Serve, Therapies)	250 to 400 words	Hub: intro, cards, short FAQ, callback
CORE, Social Care Network	800 to 1,000 words	Service
Telehealth, Older Adults, Court-Involved, Individual, Group, Family	500 to 750 words	Service
LGBTQ+, Couples (pending)	Outline only	Built as draft; not published until confirmed

Rules carried over: outpatient only, OASAS/OMH, "most Medicaid plans", no medication claims, crisis line (911 / 988) on every page, MedicalWebPage + FAQPage + BreadcrumbList schema, links up to the hub and across to the main service pages.

Hub pages are optional in the navigation (the mega menu links straight to children) but stay live and indexable for internal linking and breadcrumbs.

Programs

Programs hub — /programs/

Title tag	Meta description	H1
Programs at Rego Park Counseling CORE, Social Care & Telehealth	CORE services for HARP members, Social Care Network support and telehealth counseling from Rego Park Counseling in Queens. Most Medicaid plans.	Our Programs

Copy: "Beyond counseling sessions, our programs help with recovery in the community, everyday needs and getting care from home." Three cards (CORE, Social Care Network, Telehealth), each with 2 sentences and a link. Short FAQ (2 questions: Who is eligible for CORE? Is telehealth covered by Medicaid?). Callback band.

CORE services — /programs/core/

Field	Value
Title tag	CORE Services for HARP Members in Queens Rego Park Counseling
Meta description	Community Oriented Recovery and Empowerment (CORE) services for eligible HARP Medicaid members in Queens. Support for recovery at home and in the community.
H1	CORE Services for HARP Members in Queens
Primary keyword	core services harp queens / core services new york
Secondary	community oriented recovery and empowerment · psychosocial rehabilitation queens (moved here from the blog plan) · harp services queens
Old URLs merged in	/rpc-core-program/ (20 clicks), /core-3/, /rego/ (confirm content first)

Hero subhead: If you have a HARP plan, you may qualify for CORE: extra support to reach your goals at home, at work and in your community.

H2: What Are CORE Services? CORE (Community Oriented Recovery and Empowerment) services are New York Medicaid benefits for adults enrolled in, or eligible for, a Health and Recovery Plan (HARP). They focus on recovery outside the clinic: building skills, finding stability and staying connected.

H2: CORE Services We Offer [confirm which ones RPC is designated for]:

- **Psychosocial Rehabilitation (PSR)** — practical skills for daily living, work, school and relationships
- **Community Psychiatric Support and Treatment (CPST)** — counseling and support in the community
- **Family Support and Training (FST)** — helping family members support your recovery
- **Empowerment Services - Peer Support** — support from someone with lived experience

H2: Who Is Eligible? Adults 21 and older enrolled in a HARP, or HIV-SNP members who meet HARP criteria [confirm current eligibility wording]. Not sure if you have a HARP? Call us and we'll help you check.

H2: How to Get Started 1. Call us. 2. We confirm your HARP eligibility. 3. A CORE staff member meets with you to plan your goals [confirm process].

Where: Rego Park and Fresh Meadows cards [confirm which clinics deliver CORE] + "Some services can take place in the community."

Related: Schizophrenia Counseling · Dual Diagnosis · Social Care Network · blog: What Is HARP?

FAQ: 1. What is a HARP? 2. Do I have to pay for CORE services? (Covered by Medicaid for eligible members.) 3. Can I get CORE and counseling at the same time? [confirm] 4. Can a case manager refer me? (Yes, call us with their contact.) 5. Is CORE the same as a day program? (No; it is flexible, goal-based support.)

Social Care Network — /programs/social-care-network/

Field	Value
Title tag	Social Care Network Support in Queens Rego Park Counseling

Field	Value
Meta description	Medicaid members in Queens can get help with food, housing, transportation and more through New York's Social Care Network. Ask Rego Park Counseling how.
H1	Social Care Network Support in Queens
Primary keyword	social care network queens / medicaid social care network
Secondary	health related social needs queens · rego park health care (260, #30)
Old URL	/social-care-network/

Hero subhead: Stress about rent, food or getting to appointments can make recovery harder. If you have Medicaid, you may be able to get help.

H2: What Is the Social Care Network? New York's Social Care Networks connect Medicaid members with help for health-related social needs, such as food, housing and transportation. [Confirm RPC's role: screening, referral partner, service provider.]

H2: What Help May Be Available Food and nutrition · Housing support · Transportation · Other needs [confirm list].

H2: How We Help We ask a few questions about your needs and connect you to services in the network [confirm].

FAQ: Who qualifies? · Does it cost anything? · Do I need to be a counseling patient? [confirm each]

Telehealth — /programs/telehealth/

Field	Value
Title tag	Telehealth Counseling in New York Rego Park Counseling
Meta description	Online counseling for mental health and substance use from Rego Park Counseling. Secure video sessions from home. Most Medicaid plans accepted.

Field	Value
H1	Telehealth Counseling in New York
Primary keyword	telehealth therapy new york
Secondary	online substance abuse counseling (#33) · online therapy new york medicaid · telehealth substance use treatment
Old URLs merged in	/telehealth-substance-use-treatment-program/, /online-substance-abuse-counseling/, /online-substance-abuse-therapy/, /online-addiction-treatment/
Related posts	/telehealth-therapy-activities-for-adults/ (#1 "telehealth activities") · /telehealth-privacy/

Hero subhead: Meet with a licensed counselor by secure video from home, work or wherever you feel comfortable [confirm: anywhere in New York State?].

H2: What You Can Do by Telehealth [confirm]: Mental health counseling · Substance use counseling · Some groups · Follow-up sessions. Evaluations: [confirm].

H2: How It Works 1. Call to book. 2. Get a secure link [confirm platform]. 3. Join from a phone, tablet or computer.

H2: Is Telehealth Right for Me? Good for busy schedules, mobility issues or privacy; you can mix in-person and telehealth.

FAQ: Is it covered by Medicaid? · Is it private? (Link to Telehealth Privacy) · What do I need? · Can I switch to in person?

Who We Serve

Who We Serve hub — /who-we-serve/

Title tag	Meta description	H1
Who We Serve Rego Park Counseling, Queens	Counseling for adults, older adults and people referred by courts in Queens, NY. Outpatient mental health and substance use care. Most Medicaid plans.	Who We Serve

Copy: "We care for adults from across Queens, from young adults to seniors, and for people referred by courts, case managers and employers." Cards: Older Adults · Court-Involved · [LGBTQ+ once confirmed] · Families (→ Family Therapy). Callback band.

Older Adults — /who-we-serve/older-adults/

Field	Value
Title tag	Counseling for Older Adults in Queens Rego Park Counseling
Meta description	Counseling for seniors in Queens for depression, anxiety, grief and alcohol or medication misuse. In person or telehealth, with patience and respect. Most Medicaid plans.
H1	Counseling for Older Adults in Queens
Primary keyword	senior counseling queens / therapy for older adults queens
Secondary	elderly substance abuse treatment · depression in older adults queens
Old URLs merged in	/elderly-substance-use-treatment/
Related posts	Signs of Depression in Older Adults (new, Feb 15) · /substance-abuse-in-the-elderly/ · /does-bipolar-disorder-get-worse-with-age/

Hero subhead: Later life brings changes: retirement, loss, health worries, loneliness. Talking with a counselor can help, at any age.

H2: What We Help Older Adults With Depression and loneliness · Anxiety and worry · Grief and life changes · Drinking or misuse of medications · Adjusting to health problems.

H2: Care That Fits Older Adults Unhurried sessions · Telehealth for people who can't travel · Family involvement if wanted · [Languages].

H2: For Family Members and Caregivers "Worried about a parent? Call us and we'll talk through how to help."

FAQ: Does Medicaid or Medicare cover counseling for seniors? [confirm Medicare] · Can I bring a family member? · Is the clinic accessible? [confirm] · Can we do sessions by phone or video?

Design note: larger type, high contrast, older adults in photos.

Court-Involved — /who-we-serve/court-involved/

Field	Value
Title tag	Court-Ordered Counseling & Treatment in Queens Rego Park Counseling
Meta description	Outpatient counseling and substance use treatment for people referred by courts, probation or ATI programs in Queens. Evaluations, progress letters, most Medicaid plans.
H1	Court-Ordered Counseling and Treatment in Queens
Primary keyword	court ordered treatment queens
Secondary	alternatives to incarceration queens · court mandated counseling nyc · court ordered drug treatment new york
Old URLs merged in	/counseling/court-ordered-treatment/, /alternatives-to-incarceration/

Hero subhead: If a judge, probation officer or program requires counseling or treatment, we can help you meet the requirement and get real support.

H2: How We Work With Courts and Programs Evaluations → Evaluations · Outpatient substance use treatment · Mental health counseling · Anger management · Progress and completion letters with your written consent [confirm].

H2: Alternatives to Incarceration (ATI) [Only if RPC formally works with ATI programs — confirm. Otherwise remove this heading and keep a general line.]

H2: What to Bring Court paperwork, probation officer contact, photo ID, insurance card.

Not legal advice line on the page. **FAQ:** Will you send reports to my probation officer? (Only with written consent.) · How fast can I start? · Does Medicaid cover court-ordered treatment? · What if I miss a session? [confirm policy]

LGBTQ+ Affirming Care — /who-we-serve/lgbtq-affirming-care/ (PENDING)

Build only after Emmanuel confirms. Outline: Title "LGBTQ+ Affirming Counseling in Queens"; H1 same; primary keyword "lgbtq therapist queens" (a gap Bleuler covers). Sections: welcome statement, what affirming care means at RPC, mental health and substance use support, staff training [confirm], FAQ, callback. Do not publish a generic page without real commitments behind it.

Therapies

Therapies hub — /therapies/

Title tag	Meta description	H1
Individual, Group & Family Therapy in Queens Rego Park Counseling	Individual, group and family therapy for mental health and substance use in Rego Park and Fresh Meadows, Queens. In person or telehealth. Most Medicaid plans.	Therapy Options

Copy: "Every plan is personal. Most people combine one-on-one sessions with group or family support." Cards: Individual · Group · Family · [Couples once confirmed]. Callback band.

Individual Therapy — /therapies/individual-therapy/

Field	Value
Title tag	Individual Therapy in Queens, NY Rego Park Counseling
Meta description	One-on-one counseling for mental health and substance use in Rego Park and Fresh Meadows, Queens. Licensed counselors, in person or telehealth. Most Medicaid plans.
H1	Individual Therapy in Queens
Primary keyword	individual therapy queens / individual counseling queens
Old URLs merged in	/counseling/individual-substance-use-treatment/ (2 referring domains, 1.4k impressions)
Related posts	/what-is-individual-therapy-session/ · /types-of-individual-therapy/ · /how-to-prepare-for-your-first-therapy-session/

Hero subhead: Private, one-on-one time with a licensed counselor who gets to know you and your goals.

H2: What Happens in Individual Therapy Talk openly · set goals · learn skills · track progress. **H2: What It Helps With** links to Anxiety, Depression, Trauma, Alcohol Use, Drug Use, Dual Diagnosis. **H2: How Often and How Long** [confirm typical session length and frequency]. **FAQ:** How long is a session? · Can I choose my counselor? [confirm] · Is it confidential? · Is it covered by Medicaid?

Group Therapy — /therapies/group-therapy/

Field	Value
Title tag	Group Therapy in Queens, NY Rego Park Counseling

Field	Value
Meta description	Counselor-led group therapy for substance use and mental health in Queens. Build skills, share support and practice recovery with others. Most Medicaid plans.
H1	Group Therapy in Queens
Primary keyword	group therapy queens
Secondary	substance abuse group counseling (#47) · recovery groups queens · group therapy for depression nyc (#39)
Old URLs merged in	/counseling/group-therapy-for-substance-use/
Related posts	/group-therapy-for-substance-abuse/ · /different-types-of-group-therapy/ · /addiction-group-therapy-topics/ · /group-therapy-for-depression/

Hero subhead: You are not the only one. Groups led by a counselor help you learn from others who understand.

H2: Groups We Offer [confirm list, e.g. relapse prevention, early recovery, coping skills, anger management, depression and anxiety]. **H2: What a Group Session Is Like** size, length, ground rules, confidentiality [confirm]. **H2: Why Group Therapy Works** support, accountability, practice. **FAQ:** Do I have to talk? · Is it confidential? · Are groups in person or online? · Can I do group and individual therapy together?

Family Therapy — /therapies/family-therapy/

Field	Value
Title tag	Family Therapy in Queens, NY Rego Park Counseling
Meta description	Family therapy in Queens for families affected by substance use or mental health problems. Rebuild trust and learn to support recovery. Most Medicaid plans.
H1	Family Therapy in Queens

Field	Value
Primary keyword	family therapy queens / family counseling queens
Secondary	family therapy for substance use · family support addiction queens
Old URLs merged in	/counseling/family-therapy-for-substance-use/
Related posts	/family-systems-therapy/ · How to Help Someone With a Drinking Problem (new) · Signs Someone Is Using Drugs (new) · After a Psychiatric Hospital Stay (new)

Hero subhead: When one person struggles, the whole family feels it. Family therapy helps everyone heal and support recovery.

H2: How Family Therapy Helps communication · boundaries · understanding the condition · rebuilding trust. **H2: Who Can Take Part** partners, parents, adult children, siblings [confirm whether minors can attend family sessions]. **H2: Worried About a Loved One Who Won't Get Help?** "You can call us first." **FAQ:** Does my loved one need to be a patient? · Is it covered by Medicaid? · Can sessions be by telehealth?

Couples Therapy — /therapies/couples-therapy/ (PENDING)

Build only if Julian confirms couples counseling is offered. Outline: Title "Couples Counseling in Queens"; primary keyword "couples counseling queens"; secondary "couples therapy for addiction" (old /addiction-treatments-for-couples/ ranks #66). Sections: when substance use or mental health affects a relationship, how sessions work, FAQ, callback. If not offered, both couples redirects go to Family Therapy and this page is not created.

Needed from Emmanuel

CORE and the Social Care Network need the most confirmation, because program rules are specific and a wrong claim can mislead Medicaid members.

- ☐ Which CORE services RPC is designated for (PSR, CPST, FST, Peer Support) and at which clinic
- ☐ Current CORE eligibility wording and intake steps

- ☐ RPC's exact role in the Social Care Network (screening, referral, services) and what help is available
- ☐ Telehealth: which services, which platform, statewide or Queens only, evaluations by telehealth?
- ☐ Medicare accepted (for the Older Adults FAQ)? Clinic accessibility?
- ☐ Does RPC work formally with ATI programs? Progress letters and missed-session policy for court clients
- ☐ Group list, size and length; are groups in person, online or both?
- ☐ Session length and frequency for individual therapy; can clients choose a counselor?
- ☐ Can minors attend family sessions?
- ☐ Couples counseling and LGBTQ+ affirming care: yes or no
- ☐ What is /regos/ (1.1k impressions) before it redirects to CORE
