

Rego Park Counseling — Insurance Page Content

Sep 30, 2026 · @jhonatan

Ready-to-build copy for /insurance/. Medicaid is how 70 to 80% of patients pay, so this page is the front door for most callers; it answers "do you take my insurance?" without ever naming plans. Text in [brackets] still needs a fact from Emmanuel.

Insurance & Medicaid — /insurance/

Wording rule: say "we accept most Medicaid plans" and "we'll check your plan for you". Never list plan names, never say "all insurance", never mention the one plan not accepted. This settles the conflict between the build brief and the content rules.

Needed from Emmanuel

The internal plan list is needed even though it is never published: it keeps the copy accurate and feeds Cristofer's health plan directory listings in November.

- ☐ Internal list of Medicaid plans each clinic is contracted with (not published)
- ☐ Medicare accepted? Commercial plans? Self-pay rates?
- ☐ Typical Medicaid copay for outpatient counseling
- ☐ Are evaluations covered by Medicaid, or self-pay only?
- ☐ How fast staff can confirm coverage on a call
- ☐ Do staff help people apply for Medicaid or connect them to someone who does?
- ☐ Confirm the Medicaid transportation wording is accurate for RPC patients
- ☐ Which services are covered at which clinic (so the bullet list is exact)
